

# A breath of fresh air in the visor market

## **Superb innovative design**

Indirect ventilation reduces fogging and vents carbon dioxide for clearer vision and easier breathing. Soft PVC edging provides extra protection during handling

## **Superb comfort**

Lightweight & compact with full wraparound protection for all day comfort & safety

## **Superb versatility**

Available in PC impact, Welding Shade 5 and acetate chemical splash - all grade 1 optical quality

## **Superb simplicity**

Assembly or changing visors in the working environment takes seconds

**NEW**
